

YoMos

Young Modellers in Ecology

Dear YoMos,

we are happy to announce time and location of the upcoming **12th YoMos workshop**:

- Time: **Tuesday the 2nd to Friday the 5th of May** (arrival on 1st of May)
- Location: **“Studienhaus Wiesneck”** in Buchenbach close to Freiburg
- Fee: **100.- EUR** incl. accommodation and food

We are looking forward to interesting presentations by our keynote speakers covering a diverse range of topics in ecological modelling:

- **Chloe Bracis** – Senckenberg Biodiversity and Climate Research Centre
Movement Ecology & Individual-Based Modelling
- **Juliano Sarmiento Cabral** – University of Wuerzburg
Spatial Ecology & Biogeography
- **Viktoriia Radchuk** – Leibniz Institute for Zoo and Wildlife Research
Community Dynamics & Adaptation
- **Thorsten Wiegand** – Helmholtz Centre for Environmental Research
Theoretical Spatial Ecology & Biodiversity Research

If you are working in the field of ecological modelling as a Bachelor, Master or PhD student, you are welcome to present your work as a talk or poster. The workshop is a great place to exchange experiences and ideas with other young researchers and our invited keynote speakers as well as to present your research in a relaxed and open-minded atmosphere!

You can use the following link to send us your application for the workshop **until 31st of March 2017**:

[Application for the 12th YoMos workshop](#)

It would be great if you could circulate the information and save the date!

With kind regards,

The YoMos Workshop Organization Team
